### SUNDAY REFLECTION

No celebration of Easter would be complete without a reference to the peace brought to us by the Paschal mystery. Today's liturgy provides us with that reference: *"Peace" is my farewell to you, my gift to you.*

Peace is what Jesus gave us in his redemptive acts of dying and rising. The early Christian communities experienced dissension and controversy. The reading from Acts documents the manner in which the leaders of the church resolved those conflicts and brought peace to the Church. There is a lesson for us in the elements of their peaceful settlement: the exercise of responsible leadership, respect for all the members of the community, and the decision *not to lay on you any burden beyond that which is strictly necessary.* O God, let all the nations praise you!, for you have rescued them from death and offered them the gift of peace through your resurrection. *"The perfect world, we Christians believe, is beyond the horizon, in an endless eternity where God will be all in all. But a better world is here for human hands and hearts and minds to make. For the community of faith the risen Christ is the beginning and end of all things. For all things were created through him and all things will return to the Father through him. It is our belief in the risen Christ which sustains us in confronting the awesome challenge of the nuclear arms race."*

### **A Blessing for all Mothers**

Holy God, you compared your own love for your people to the love of a mother for her children. Look with kindness on our mother who has shared in your creating love by the gift of her children.

We thank you for the joys and sorrows of her life, the giving and sharing, and, especially for your love that has formed us in your image.

Listen to our prayers and bless the mother who has nurtured and sustained us. Give her patience in abundance and let her find joy and satisfaction in all her work.

**A Happy and Blessed Mother's Day to all the mothers of our parish!**
